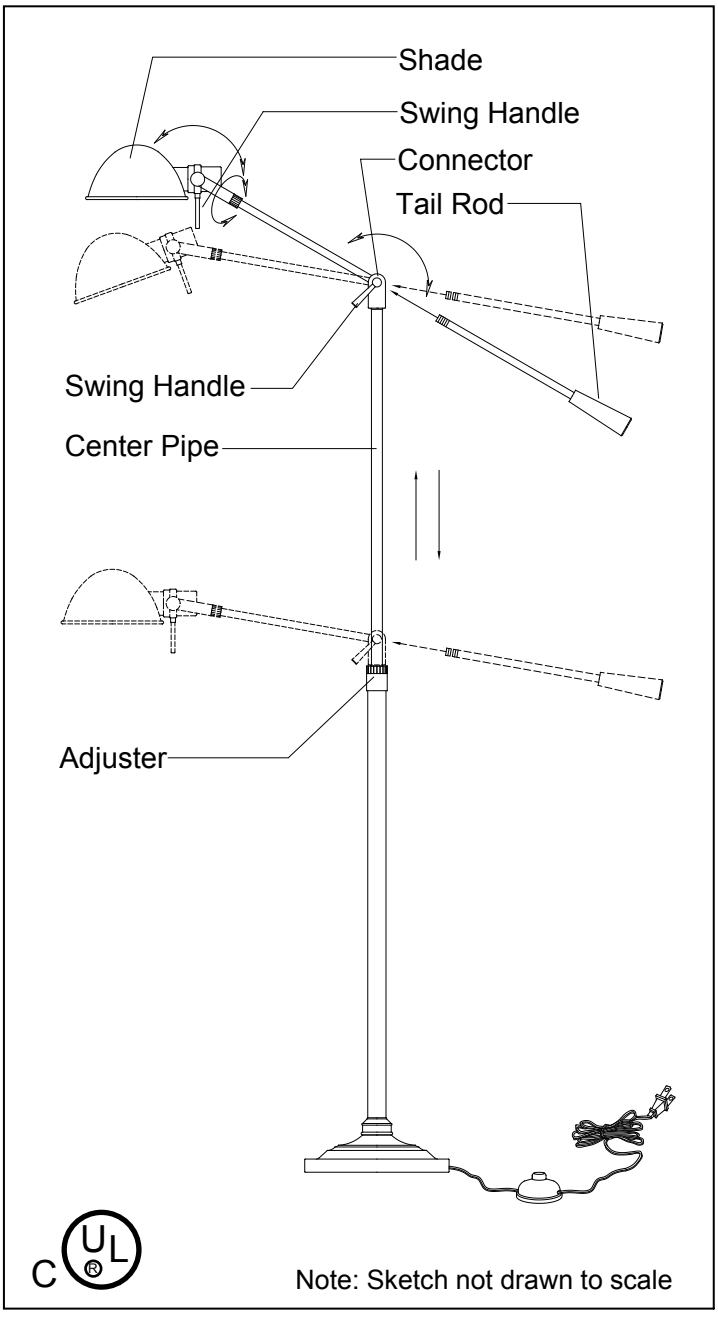
Assembly Instructions
Linton Complete Lamp # FX2011

No special tools are needed to install this portable lamp. Be sure to follow the steps in the order given. If you are unclear as to how to proceed, consult a qualified electrician.

IMPORTANT SAFETY INSTRUCTION

- To prevent shock, only plug in unit after complete assembly.
- Do not exceed the maximum wattage rating.
- Before turning on the lamp, please follow the instructions step by step.

Note: This portable lamp has a polarized plug (one blade is wider than the other). As a safety feature, this plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not attempt to work around this safety feature.



INSTALLATION

STEP 1: Secure the tail rod into the connector.

STEP 2: Install bulb Type A, Maximum 60 Watts. (Bulb not included)

STEP 3: Adjust the fixture to a proper position by using swing handles.

STEP 4: Loosen the adjuster can decrease or increase the length of the center pipe.
Note: The height can be adjusted from 45" to 60-3/4".

CLEANING

To clean, wipe the lamp with a soft cloth. Do not use abrasive materials such as scouring pads or powders, steel wool or abrasive paper.
